FREEZEABLE ICE CORE
CHILLS DRINKS WITHOUT DILUTION
Patented worldwide

Kinox Koolkore pitchers keep beverages cooler and for longer than conventional ice core models. The exclusively designed twist-lock ice core can be easily detached and replaced in seconds with additional fresh frozen backup ice cores allowing for continuous chilling. Simply fill the ice core with tap water and freeze prior to use. The removable ice core alleviates the hassle of inserting ice cubes and ensures that the beverage is not watered down.

Ideal for serving juice or iced tea at buffets and parties, Kinox Koolkore pitchers are a sturdy elegant design with an ergonomic handle. Made from an impact resistant see-through body and an 18/10 matt finished stainless steel lid and base, Kinox Koolkore pitchers are commercial dishwasher safe.

Kinox Koolkore pitchers
